How to Create Officer Materials

To ensure that the new projects and annual projects your chapter does are shared with future generations of brothers, be sure to create officer materials. Documenting how to do, or not do, officer duties is important to your chapter's continued success.

Officer materials (notebooks/jump drives) are wonderful resources for what your officer duties are and how to accomplish these tasks. Having this information available will save incoming officers time because the resources will be readily available to them in paper and electronic form. Officer materials can and should be compiled by all officer and committee chairs in your chapter.

Contents

Clearly laying out the information is important. This is the first thing new officers may see. All officer materials should contain:

- Table of Contents.
- Officer and chapter goals for the year.
- A letter from the outgoing officer to the incoming officer explaining what they will find in the document, and challenges and successes that occur during their term.
- An explanation of which committee this office chairs or serves on and duties associated with that role.
- Copy of officer duties from your chapter's constitution.
- Copy of officer duties from the most recent National Constitution.
- Copy of officer duties from Section III, Chapter Operations of the *Guide to Membership*.
- An up-to-date copy of your chapter's constitution and/or bylaws.
- Contact information for National Headquarters, National Officers and District Officers.
- A calendar of "must-do" events for the entire year. This provides an overview of known projects and will help new officers manage their time.
- Additional information and resources can be found on the National website, located at www.kkpsi.org.
