

**Kappa Kappa Psi Fraternity
Archives and History Team
Report of Activities
Ken Corbett, Scott Stowell, Tim Greenwell
July 15-17, 2022**

The Kappa Kappa Psi Archives & History Team met in Stillwater for the first time since 2019 to work on our fraternity records.

Here is a recap of our activities:

Reviewed and made plans for historical display items to be shipped to the 2023 National Convention site.

Google Sheets project –we will solicit assistance from the council, board, district governors and office to update a history document of district information.

Caboose – added items to the collection in the Caboose.

Gravesites – placed flowers and coins on the historical graves.

Stillwater Station – moved boxes of records in off-site storage to the station to save the fraternity money.

Pictures and other items to Hobby Lobby to be framed. Pictures of past convention logos, Boh's early band, pennants, etc. to be displayed at the Annex and Station at discretion of HQ Staff.

Cleaned out about 25 notebooks of records from the 1990's and placed in the correct historical box in the Station.

Reorganized entire back room filing system

We plan to work on a scanning project of all the old records in the future.

Petitioning/Document Room – the room was totally in disarray when we arrived. We moved all the files and documents to their correct location. Updated the master Podium file with new Podium issues.

We need to review all existing Petitioning Document boxes for size efficiency with goal to establish additional space for future chapters.

Went on a day trip to Wichita searching for storage facility -- almost-- Ha ha!!!!!!!

Established plan for a Spring 2023 work visit.
